PLEASE NOTE: This PCV kit contains more parts than you will actually need to service your PCV system.

There are several variations of the PCV on 850 non-turbo models. This kit includes parts for all these engine variations but will have some parts that will not be used on your particular engine application.

You will need to carefully note the parts that come off your engine so that you install the correct new parts back on it.

In the rare case that your oil separator “box” only has a single port on the top, you will need to use the included rubber vacuum cap to plug the extra port.
**INSTRUCTIONS**

**A** PLEASE NOTE: The indicated tube is no longer available through Volvo and isn’t included in our kit. This hose is used for the “under the intake” routing.

**B** PLEASE NOTE: For those applications with the discontinued plastic tube indicated in Note A above, we’ve included a long rubber hose with a 90° bend that can be used instead of the discontinued tube. Some customers have also reported good results in the ‘over the intake’ routing. You would use this tube to run between the oil separator box and the accordion style intake tube without any of the included rubber elbow adaptors.
WARRANTY

One Year Limited Warranty

ipd warrants to the original purchaser that the parts manufactured and/or sold by ipd (the Product) is free from defects in material and workmanship under normal use. ipd warrants that the Product will perform substantially in accordance with the specifications set forth in the documentation provided with it. The above express warranties are made for a period of the lesser of 12,000 miles or 12 months from the date the Product is installed in your vehicle.

Any improper use, operation beyond capacity, substitution of parts not approved by ipd in writing, any alteration or repair by others, or any removal, defacing or altering of the identification shall void this warranty.
